Web & Social Media for Enterprise

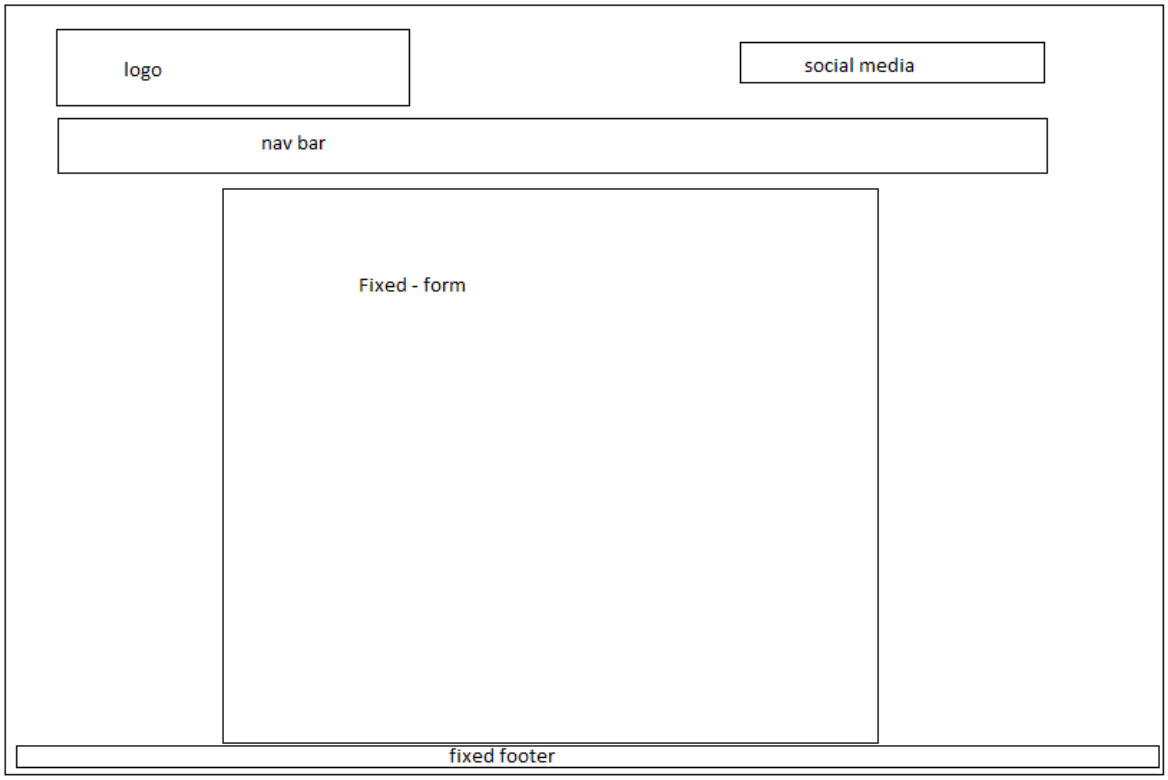
Assignment 1 Report- B00092974

Starting point:

I first began this assignment by drawing out what I wanted each page to look like and what the specifics were for each page.

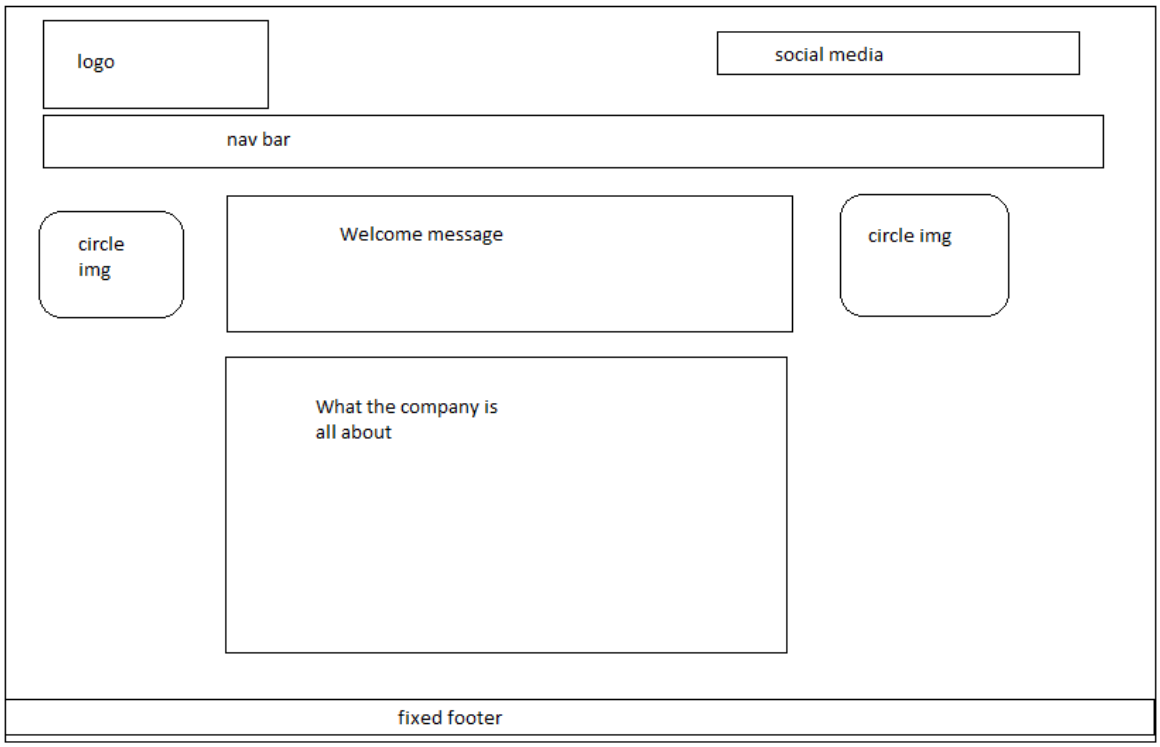
The fixed single column page is the “contact us” page.

I decided I wanted to have a form inside a div for the column and that I would place it like so:



The 2-column layout page is the “index/home” page.

I decided I wanted to have 2 divs for the columns and that I would place them like so:



The 3-column layout page is the “about us” page on the site.

I decided I wanted to have 3 divs for each column and that I would place them like so:
